

Welcome to  
Bend  
Oregon

Roundabout driving  
and you

First, it's a good idea to be aware of your surroundings...

Knowing all the critical components of your car will make you a better driver (and it's easier to wave when you have a free hand).

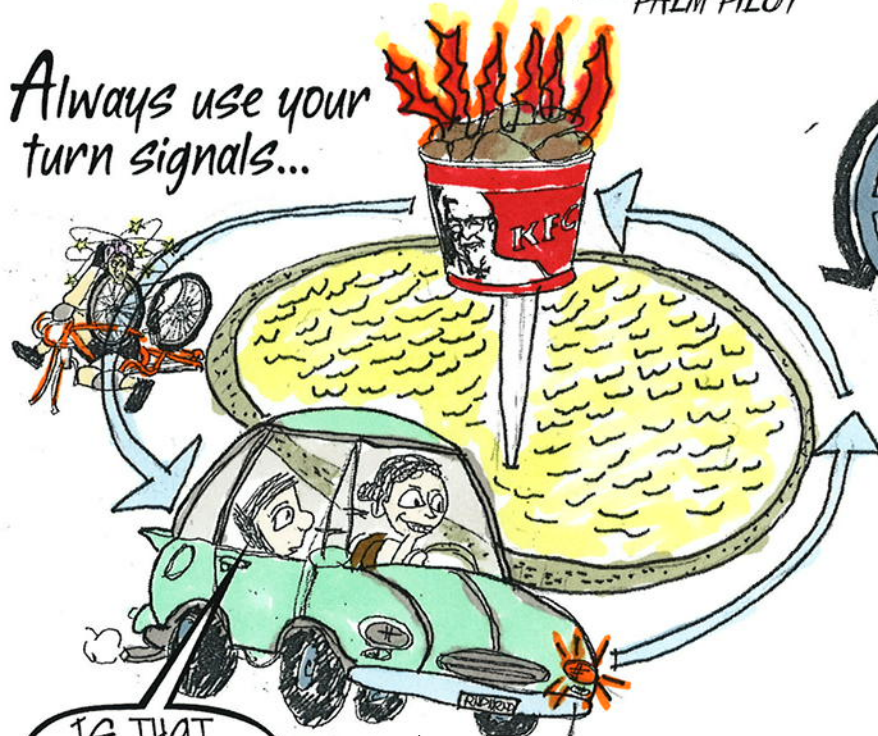

Watch out for pedestrians and bicyclists too... Make sure you give bicyclists plenty of time to ride through the roundabouts (and make sure to wave too!)

KIDS, CLOSE YOUR EYES! THE BEAR'S DOIN' HIS BUSINESS

SHOO!! ROUNDABOUT ART!!!

Always use your turn signals...

**BEND**

HEY! THAT'S NOT A WAVE

IS THAT FLAMING CHICKEN?

Remember, it's polite to use your turn signal while exiting the roundabouts, but if you plan to remain in the roundabout, you can also use your turn signal to show that. Don't forget to wave!

Finally, enjoy the roundabout art, and don't forget to wave!

With these simple rules to follow, you'll soon see that roundabouts are the best way to get around BEND!

Thank you for  
driving Bend  
roundabouts!

Please pass this guide  
onto your friends or  
other drivers who  
require roundabout help.

Don't forget to wave too!
